Career Objective

Python Programming with a strong interest in coding, mentoring, and knowledge sharing. Seeking an opportunity to contribute technical knowledge, problem-solving skills, and communication abilities in a collaborative tech community. Passionate about helping students understand Python concepts through practical learning and continuous improvement.

Skills

- ✓ **Language:** Python (90%), JavaScript, etc.
- ✓ **Dev tools:** VS Code, PyCharm, IDLE, Git, GitHub, Figma
- ✓ **Framework:** Django, Flask

Experiences

- Delivered Python programming **training to 3 CBSE students** in both Bengali and English mediums for a duration of 6 months.
- Taught core programming concepts, including variables, loops, functions, OOP basics, **file system, and problem-solving techniques**.
- Provided **hands-on coding practice** with projects and the concept of full-stack workflow and doubt-solving sessions to improve logical thinking and programming fundamentals.
- Assisted students in building a **strong understanding** of Python syntax and basic development concepts.

Projects

Hostel Expense Calculator System

Technology: Python, File Handling, PDF Generation

- Developed a console-based hostel expense calculator to **solve real-world expense management problems** in Hostel environments.
- Implemented fast and accurate expense calculation features with a **user-friendly and easy-to-understand workflow**.
- Integrated file handling system for secure data storage and record management.
- Generated structured **PDF reports** with table formatting for organised expense summaries and documentation.
- Designed the system to simplify the monthly expense tracking, calculation, and report generation efficiently.

Education

Master of Computer Application

Haldia Institute of Technology *Present* *2025 - 2027*

Bachelor of Computer Application

Panskura Banamali College *7:32 CGPA* *2022 - 2025*

Higher Secondary Education

Dasagram S.S Sikhsha Sadan *93%* *2021 - 2022*

Certifications

Python | Udemy *2024*

ADCA – Diploma | Dasagram Indira Gandhi Computer Centre | *89.89%* *2020 – 2021*
